

Book of the Month

- September 2012 -

THE VATICAN BILLIONS by AVRO MANHATTAN

With devastating thoroughness, Avro Manhattan explains how the popes stole the wealth of the world through the centuries. He exposes the incredible tricks played on kings, and the papal involvement with the Bolsheviks. You will read with amazement the list of corporations in Catholic hands, and see why the papacy claims *ownership of the Americas*.

This incredible panorama from Caesar to the space age will change your view of history.
